Taxpayers for Westerville Schools

Disclaimers

Created January 2015

General Disclaimers

All data summarized from payroll data provided directly from the Westerville school district. Any inaccurate information is from the source data.

Actual Pay column is for the specific Calendar Year, not the Fiscal Year (July - June).

Contracted Rate is for the School Year - i.e. August to July.

Taxpayer Paid Benefits include Healthcare (Dental & Vision), Retirement contributions, Medicare, etc.

Employees work location is listed if known. Some employees may cover multiple locations; their main location is listed. If they split time between buildings then just one location is listed.

Visit www.taxpayersforwestervilleschools.com to find the payroll reporting database. By using this tool, you will be able to view the details of each employee's record.

Teacher Pay Specific Disclaimers

For 2014-2015 new hires, 2013-2014 Contracted Rate EQUALS 2014-2015 Contracted Rate for certain calculations (i.e. YOY increase)

Some 2013-2014 Contracted Rates filled in from alternative district data source.

Some titles have been altered so they can be grouped together easily. For instance, "Elementary Guidance" was changed to "Guidance (Elem)" so all Guidance counselors could be grouped together.

Estimated Retirement Pay is just an estimate based on current STRS rules. This is an annual amount.

It has only been calculated for teachers that have a large number of years of service.

Admin Pay Specific Disclaimers
